

INTRODUCTION FOR STEPHANIE FRANK (Please read exactly as written)

Doing meaningful work is the first step in building a rich and fulfilling life, IF you know how to do it right.

Our next speaker is Stephanie Frank, human and canine behavioral advisor and author of the 4x Int'l best selling book *The Accidental Millionaire*. She is uniquely qualified to speak on the topic of personal development for success, having made her first million at the young age of 22.

Stephanie helps people intentionally master their lives so they can enjoy more of everything - time, money, laughter and love. She has helped thousands of individuals and organizations around the world be more efficient, productive, streamlined and connected so they can get more of what they want, faster than ever.

She credits her sidekick Charlie the Poodle and the wild animals that often visit her home for teaching her powerful lessons from the animal kingdom, some of which she will share with you today.

She accomplishes more and takes more time off because of these powerful tools and strategies...and she's here to help you do the same.

There is no "accident" about this woman. Please help me welcome, Stephanie Frank.
